THE MEXICAN WAR CLOUD

### THE UNITED STATES SENDING GUN BOATS TO TEXAS.

Great Activity in Military Circles--Involving Ammunition and Preparing for Shipment at a Moment's Notice--The Preparation for War in Washington.

NEW YORK, Aug. 11.—There was activity at the army posts in and near New York, and communication with Washington was continuous. At Fort Hamilton the serviceable munitions of war were inventoried and inspected, and it was determined just how much could be depended upon from the quarter master general's department. At Washington, in the Point, and David's Island had already reported. At Pier 30, East river, gun carriages, for field batteries, were delivered to the Mallory Steamship company for immediate shipment to San Antonio, Tex., via Galveston.

They will be carried by the Rio Grande, which will sail Wednesday. Col. Hodges, of the quartermaster's department, who shipped them, said that the shipment was made in the ordinary course of business, and that special orders had not been given. At Washington, in the Point, and David's Island had already reported. At Pier 30, East river, gun carriages, for field batteries, were delivered to the Mallory Steamship company for immediate shipment to San Antonio, Tex., via Galveston.

The United States ships, Junius and Vandalia, had been at the navy yard at West Point, it is said, for the Pacific. At Island they received their supply of ammunition, and they have remained there since. The Essex left the navy yard at 6 o'clock yesterday morning, bound for the Pacific. The Brooklyn, also, is expected to take her departure on Wednesday. At the navy yard it was said that the Essex was to join the Chinese squadron if she was needed nearer home.

#### At Washington.

WASHINGTON, Aug. 11.—There are some rumors about to-day indicating that the United States will be compelled to send troops to the Mexican frontier, but they cannot as yet be construed into anything definite or startling. They may be, perhaps, indicative of a determination on the part of the government to be foreshadowed and prepared to meet any emergency. The order to proceed to the gulf last week, and this action certainly does give rise to much comment. Army, navy and political circles. It is considered an extraordinary proceeding in time of peace.

Vandalia and Junius were ordered to Valparaiso last Friday and it is whispered by the knowing ones that it would not be surprising if those ships, when they stop at Key West for supplies, should be intercepted there by dispatches, advising them of the country's receiving at the postoffice department, of the sales of postage stamps, envelopes and postal cards, show an increase of about 9 per cent for the month of July, as compared with the sales for the same month last year.

As the troops, there are now between four and five thousand soldiers in the southwestern territory, which could be easily marched to the Mexican frontier, but if any such movement were contemplated it would probably be made by sea. The principal purpose of the government were to avert and frustrate Mexico. But no public orders have been issued, and if there are any sealed orders en route, the war department would of course keep them secret.

Editor Cutting's CaseAppealed.

EL PASO, Tex., Aug. 11.—The only news in the Cutting case is the fact that he has been released on a writ of habeas corpus by his attorney, the young law student, Jesus Yeris, had appealed his case to the supreme court of the state, and that the appeal has been granted. The feeling of Americans is that the trial was a farce, and that it is liable at any moment to break out in more than the street rows of the past day or two. In a saloon several Mexicans and Americans were talking when suddenly a large powerful Mexican drew from his coat a revolver and struck Fireman Brown, who runs on the Southern Pacific railroad, across the forehead. Mr. Brown promptly knocked the Mexican down. All the Mexicans in the room ran after him, but he was too wary for the fellow who had been knocked down picked him up and escaped away.

Citizens are secretly organizing for defensive purposes only. The city council held a secret meeting to-day to discuss the purpose of the crowd gathered at the Mexican Central depot in El Paso Del Norte when the train went out, as it had been rumored that Cutting would be taken off. They are to meet again to-morrow night, when the train went without him. He will certainly be taken to Chihuahua soon. The second demand for the prisoner is anxiously looked for.

A Mexican Minister Interviewed.

CITY OF MEXICO, Aug. 11.—Hon. Ignacio Mariscal, secretary of foreign affairs, was a correspondent regarding the Cuttting case. He said that the Mexican government tried and condemned in accordance with the Mexican laws. When Mr. Bayard's demand for Cutting's release was made the grand of illegal imprisonment, Mr. Mariscal said that he could not consider it illegal, but he has since learned that Mr. Bayard referred to the jurisdiction of the court. Laws similar to that under which Cutting was tried exist in nearly all countries where the civil law is predominant.

The rumor that the Chihuahuans are likely to invade Texas was perfectly absurd, and if the Federal government ordered a few troops to the border, it was for the purpose of preventing a conflict between the lawless parties. He corrected the idea of the Texas papers that there was a want of harmony between the Federal and Cuban governments, as far as the border was concerned. The rumor that the Chihuahuans are likely to invade Texas was perfectly absurd, and if the Federal government ordered a few troops to the border, it was for the purpose of preventing a conflict between the lawless parties.

Secretary Bayard's Demand.

DALLAS, Tex., Aug. 11.—At 4 o'clock yesterday afternoon a telegram was received from Mr. Maricle, of Dallas, Texas, to the effect that the Mexican government had not been received, but if wrong had been committed by the Mexican authorities it would be as far as possible redressed by the prompt punishment of the guilty parties.

terday an official at Washington to an official at El Paso, which read as follows: "The Mexican government has just made a demand upon the Mexican government for the immediate surrender of Cutting." When the dispatch was bulletined it created the liveliest interest. Everybody is talking war and praising Secretary Bayard's firmness.

#### WASHINGTON WAIFS.

Appointed to the Waifs by the President.

Collector Hartman's Successor.

WASHINGTON, Aug. 11.—The following postmasters were today appointed: Hiriam Hubert, Quinton, Ga.; S. H. Shearer, Huntington, Ind.; Thomas Wilson, Cairo, Ill.; J. P. Powell, Montgomery City, Mo.; W. M. Morrison, Okemah, Okla.; W. C. Jones, Waukegan, Ill.; Julian S. Palmer, Duquoin, Ill.; Milton Burch, Georgetown, Ky.; William Groome, Hicksville, Miss.

Appointments the Senate Failed to Act On.

WASHINGTON, Aug. 11.—The following appointments were made by the Senate:

Registers of patent offices: O. Shannon, at North Platte, Nebraska; S. O. Glover, at Valentine, Nebraska.

George W. Julian, of Indiana, surveyor general of New Mexico.

#### The Increase of Pensions.

WASHINGTON, Aug. 11.—Commissioners of pensions and the Black will soon issue an order to pensioners to report to the office to pensioners the increased rates due to them for the recent act of congress allowing an increase for the loss of an arm or leg. The commissioners intended to arrange matters so that those entitled to the increase need not go to the pension office, nor even correspond with the office to obtain the increased pension.

#### The President's Summer Trip.

BUFFALO, Aug. 11.—The News' special says: It is announced at the White House this morning, that President and Mrs. Cleveland will leave for the Adirondacs on Tuesday next, Aug. 17, for the Adirondacs. They will not visit Michigan as was expected, neither will they take the lake trip contemplated. On their return they will take up their residence at Forest Hill and remain there until late in the fall.

#### Potofice Returns.

WASHINGTON, Aug. 11.—Returns from the postoffice were considerably heavier than usual yesterday, and the number of letters sent to the postoffice department, of the sales of postage stamps, envelopes and postal cards, show an increase of about 9 per cent for the month of July, as compared with the sales for the same month last year.

The New Appropriations.

WASHINGTON, Aug. 11.—As the new appropriations have not yet been available the treasury department has authorized the payment of interest and costs in customs cases which have been held back for lack of available funds.

To the Bankers' Convention.

WASHINGTON, Aug. 11.—Comptroller of the Treasury has given a general grant to the country receiving at the postoffice department, of the sales of postage stamps, envelopes and postal cards, show an increase of about 9 per cent for the month of July, as compared with the sales for the same month last year.

## FOREIGN CABLEGRAMS.

### TEMPORARY QUIET REIGNED IN THE BELFAST RIOTING.

But Broke Out Afresh Again and With Renewed Desperation--Michael Davitt Interviewed in New York Greatly Increased the Orangemen--The Wounded.

LONDON, Aug. 11.—The Cable News correspondent telegraphs from Belfast that a temporary quiet prevails this morning, which he says, is due more to the judicial distribution of the military than to any simmering down of the passions of the mob. The wounded in the hospitals are progressing favorably, and the police are doing their best to keep order. The Police Inspector Ball, who is reported to be dying, inquires over the remains of some of the victims and the funerals of others will take place to-day.

The summary of the interview with Michael Davitt, telegraphed from New York to the Cable News last evening, giving his views on the subject, is as follows:

Michael Davitt, a Belfast Orangeman, was interviewed this morning by the Cable News reporter, and he said that the Orangemen, who have greatly increased the Orangemen. The rumors with regard to the number of people killed and wounded during the fighting at Springfield, were proved to be correct. One hundred and twenty-four were wounded, and no definite knowledge of any one having been killed can be obtained.

Reports from Springfield this morning say that the rioting has been renewed and desperate, and that the police are doing their best to keep order. A later dispatch from Belfast says: "The police are rife in that city that the rioting has broken out afresh on the outskirts of the city, and is now going on with renewed desperation.

Founding a New Church.

LONDON, Aug. 11.—Dr. Schaaf, one of the most prominent leaders of the Salvation Army, has founded a new church in Belfast, which is the name of conducting the affairs of that body and with a considerable following of other dissenters from the teachings of Booth, intended to found a church with a German-Swedish congregation.

All the tallow candles observed by the Boothites will be discarded and the elimination of these features, which have constituted the chief obstacle in the way of the progress of the Salvation Army, will be the cause of the success of his movement.

The Belfast Rioting.

BELFAST, Aug. 11.—Various minor disturbances occurred this morning. An unfriendly lamp-lighter was severely maltreated by a body of rioters. His condition is critical. He was beaten considerably, especially in the head, and was left lying on the ground. The funeral of the victim that had taken place thus far has been unmolested. A mob has assembled on the Falls road, and is threatening to burn the church. The rioters are the friends of law and order in Ireland. The magistrates are the friends of law and order. The Orangemen tried to pick a general fight, but failed in their attempt to find a fight. Eight hundred men have gathered themselves around him, his wife, three daughters and two sons, all of adult age.

General Doyle, a lawyer of good repute, and the members of the Kavanagh county bar will attend his funeral in a body.

Mr. Stevenson was born at Richmond, Va., May 4, 1812; graduated at the university of Virginia in 1834; studied law; settled in Covington, Ky., 1841; became county attorney, member of the state legislature (1847-49), and of the constitutional convention 1849; was one of the founders of the Kentucky bar; president of the bar association 1852-56; member of congress 1857-61; chosen Lieutenant governor 1867; was acting governor 1867-68; governor 1869-71, and United States senator 1871-77; was a prominent champion of the interests of the nation. He died in Covington, Ky., 1880, and has since lived in retirement in his beautiful home in Covington.

Damage Suit.

WASHINGTON, C. H., O., Aug. 11.—It will be remembered that on the 8th of last April Miss Della Snyder, of this city was considerably injured in a wreck on the Dayton & Ironwood road. The accident was attributed to a broken axle. Last evening, the iron and passenger cars were hurled down an embankment into the creek below. A number of passengers were injured, among whom was Miss Snyder. The latter now claims to have received damages to the amount of \$10,000, and has entered suit in the Fayette county common pleas court for the recovery of that amount.

A Chapter of Accidents.

SALEM, Ill., Aug. 11.—A series of distressing accidents occurred in this county, in which several persons were injured. One was a boy, 12 years old, from a buggy while out driving and suffered serious internal injuries. An estimable young young lady named Lizzie McClelland was born in the abdomen by a vicious cow, and is now in a critical condition. She is a daughter of a neighboring farm boy from Illinois, and the boy is in two different places.

## NEARING THE END.

### The Defense in the Anarchist Trial Nearly All Before the Jury.

CHICAGO, Aug. 11.—It was announced that the defense in the anarchist trial would have all the testimony before the jury this afternoon. Among those to testify are ex-Governor Samuel Merrill and ex-Congressman J. B. Grinnell, of Iowa. Both are to be witnesses for the state and will testify as to the good character of the witness Gilmer. The witness lived at Des Moines for many years and is well and favorably known to the distinguished visitors.

W. A. Graham, a Times reporter, was on the stand to discredit Gilmer's testimony. The defense was under the impression that Gilmer would not be called, but he did. Gilmer testified that he did not say that he saw the man with the bomb, but that his back was toward him, and he could not recognize him.

Capt. Blane then announced that the defense had adjourned.

In the state, Inspector Bonfield testified in rebuttal that he never told Zimondson, one of the witnesses for the defense, that he would like to get 3,000 soldiers together with their wives and children, and that he did not say, however, that he could not disperse crowds without injury to women and children, and that the action should be very great which would justify such action on the part of the police.

The Believers' Attorney, Richard S. Tuthill testified that he had known Gilmar for five years, and that his reputation for truth and veracity, as far as he knew, was good. He had heard Governor Bevill speak well of Gilmar.

WRECK ON THE L. & N.

### The Fatal Result of two Trains Trying to Pass Each Other.

LOUISVILLE, Ky., Aug. 11.—The Cincinnati midnight express, south bound, and freight train No. 12, north bound, from Louisville, collided at a switch on the station, from main line of the Louisville & Nashville, at New Albany road, at 10 o'clock this morning, resulting in the killing of Frank Webber, head brakeman, and the wounding of 12 others.

The train was the result of carelessness on the part of the engineer, who attempted to make the station on the passenger time. Both engines were completely wrecked, and five cars were smashed to pieces before the train could be stopped. The cars piled upon one another in great confusion, some falling over the fifteen-foot embankment. Twelve cars, the tender and the cab of the engine were completely demolished. Brakeman Doyle was thrown a considerable distance, but was seriously hurt.

The Believers' Attorney.

ROYAL WEDDING.

LONDON, Aug. 11.—Mr. James Ballantine and Lady Evelyn, the fourth daughter of the Duke of Argyle, were married to-day in West Münster abbey. The abbey was filled by a large number of the aristocracy and gentry.

Michael Davitt, the anarchist, was interviewed this morning by the Times reporter, and he said that he had been to the wedding.

EX-GOVERNOR STEVENSON DEAD.

KENTUCKY LOSES ONE of Her Great Statesmen and Ex-Governors.

CINCINNATI, Aug. 11.—Ex-Governor Stevenson died suddenly at his home in Covington, Ky., at 5:30 this morning of congestion of the brain.

While attending the anniversary of the statehood of Sewanee, Ga., a few days ago, he was taken rather suddenly and severely ill. He recovered sufficiently to be brought home on Sunday last, and he appeared to be recovering. Last evening he had a heavy sleep and bird, and seemed to enjoy it. At 11 o'clock he was insensible and so remained till he died, with his family around him, his wife, three daughters and two sons, all of adult age.

General Doyle, a lawyer of good repute, and the members of the Kavanagh county bar will attend his funeral in a body.

### The Congressional Canvass.

We learn from several gentlemen who have recently passed over the line of the Maysville and Big Sandy Railroad, from Bracken to Boyd County, that the feeling in favor of Judge Wall for Congress is growing steadily. Apart from the recognized fitness of the Judge for this position the river counties feel very kindly towards him because of his public spirit as manifested in the success of the "South Side" Railroad, he being one of the guarantees for the entire right of way from Ashland to Campbell County. The citizens of Greenup and Lewis especially know how doubtful were the prospects of the road, and fully realize the advantages that will accrue to them from its construction. They stand ready, therefore, to endorse any or all of the gentlemen who assumed this responsibility and made the great enterprise (which links together the river counties in stronger and closer bonds) not only a feasible project, but now almost an accomplished fact.

All the candidates now in the field have canvassed the river counties, and our informants state that none have made so agreeable an impression as Judge Wall. He is a pleasant, ready and effective speaker; up with the politics of the day; has clear and decided views upon all the leading issues, and is as thoroughly a practical business man and lawyer as can be found in the district. He is not just in the prime of life; was brought up on a farm until he was twenty-three years of age, and is at present largely interested in farming with his father, Dr. A. H. Wall. No man is better qualified by disposition and training to watch the interests of the farming community than he. He has also been successful as a lawyer. He was for some time a partner of Hon. E. C. Phister; was elected County Attorney without opposition, and afterwards served two terms as County Judge. He was eminently successful in both positions, and none of his official acts was ever questioned. He is now the senior member of the law firm of Wall & Worthington, one of the best known firms in Northern Kentucky. He was never defeated in any of his political aspirations, and as the district must be re-deemed at the next election, there is no one so likely to be successful as Judge Wall.

Publicly and politically his life has been without a stain. His habits are good, and with him in Congress, the district will be sure to have an industrious, sober and able Representative. We urge upon his friends in all parts of the district to rally to his support, and select delegates in his interest on September the 4th, and nominate him at Augusta on September the 8th. With Judge Wall as the nominee, we feel that the party will be successful in November.

**Peace Patched up in Rowan Once More.**  
W. Cook Humphrey and Craig Tolliver, the acknowledged leaders of the two factions in Rowan, have each signed an agreement to leave that county and remain away permanently, and it is now thought the troubles that have existed so long and put the State to such an expense in the past few years are at an end. The charges against the two have been filed away on the conditions named above, and the two have left that section. Each reserved the right to return and attend the burial of any of his immediate relatives. If they violate their agreement, the charges against them are to be re-docketed, and the prosecutions proceeded with. The former arrived in this city last evening, and is stopping at Heiser's European Hotel. He intended to leave this morning for Illinois and Missouri, but changed his mind and will remain here for a day or two. Opinions will differ as to the advisability of the course adopted by the court in settling the troubles in Rowan. Special Commonwealth's Attorney A. G. Caruth, in giving his reasons for recommending it, said:

"The two contestants, with members of the bar, residing or practicing here, with the commander of the forces now stationed at the county seat, with citizens of high position and authority in the Commonwealth familiar with affairs here, and considering the unusual character of the trouble, I considered that this is the best available method to secure the end in view. No harm can be done by this means, because should the agreements be violated the cases can at once be set for trial and prosecutions made. I desire to hold the cases in *terrorem* these defendants so as to enforce their agreement."

**Editor Bulletin:** Who did the Republicans have out for trial in 1882, and who was against him, what Democrat, and who was elected, and by how much majority?

T. W.  
John Kirk. The Democratic nominee was the present jailer, Dennis Fitzgerald. Mr. Kirk polled 1,517 votes and Mr. Fitzgerald, 1,896. Fitzgerald's majority 379.

### CONGRESSIONAL CONTEST.

MAYSVILLE, Ky., Aug. 9, 1886.  
*Editor Bulletin:* It seems that Judge Savage and Mr. Bath each expect to defeat Judge Wall, simply because he lives in Mason County. Neither of them claim superior ability or fitness. Neither can boast of as clean and pure a political record. Nor has either of them rendered the same public service or been in his post of duty in the past like Judge Wall. Yet, "he is from Mason County" and "no man from that county should ever be allowed an office." This talk sounds well from Boyd and Bath County men, but is it good sense? Is "The man calling the kettle black?" The cry is that Mason did not support Colonel Hurt, nor Captain Powers. What did Bath and Boyd do? Bath gave Hurt 1,037 votes, and Powers, 1,246; and gave 1,093 for Powers, 1,093. Mr. Hurt gave Hurt 1,790 votes, and Powers, 2,417. Bath gave Hurt 83 per cent. of her vote, compared with what she gave Powers; Boyd but 40 per cent., and Mason 75 per cent. No other county in the district did as well. In the election of Powers, he gave him 809 votes, as against 1,745 for Powers, about 45 per cent. Mason gave Powers 2,413, and Cleveland 2,646, a difference of 233 votes. This latter number represents the voters and the purchased element in Mason together with the relatives and friends of Colonel Wadsworth.

Boyd gave Culbertson 753 majority, and Wadsworth 258 majority. Yet Judge Savage says Boyd can be carried when the Democratic vote is added. Bath gave Hurt 295 majority, and Powers only 102 majority. Mason gave Hurt 123 majority, and Powers 34 majority. Compare the figures and look at the circumstances of the counties, and any fair man will say that Mason did well. But, Mr. Editor, can we redeem this district by opening old wounds, censuring good Democrats for the ills of bad men, ostracizing 2,413 Democrats in Mason for what 233 did, under circumstances not flattering to the good sense of the party? Teach the histories of any county in the district, and you will find just such discordant elements as afflicted Mason. But "Mason wants everything" is the cry of Messrs. Savage and Bascom. If she does, she is a bad woman, but she is not. Mason never had a State officer; nor has she ever had a Congressman since this district was formed, except Judge Phister. Boyd has had a Congressman, Hon. L. T. Moore; also Register of the County, Hon. S. S. Savage, and she has had the Circuit Judge and Commonwealth's Attorney in that district, and came very near having an Appellate Judge, L. T. Moore, and Mason and Judge Wall aided Boyd in her ambitions in the latter's direction to the nomination of Mason when Judges Savage and Moore desired office.

Bath has had Colonel Hurt nominated twice, we believe, and Hon. John D. Young elected to Congress twice or three times. She has had candidates for office in many times, and now has Hon. John D. Young as one of the Railroad Commissioners. Bath is profuse of statesmen, and has had a candidate for Congress every year since the war, but one, and we believe, has not been elected. We simply call the attention of the Democrats to the facts and figures, and desire to show that all this clamor against Mason is unjust. She has done as well as either Bath or Boyd in fighting the common enemy, and has captured one-half of this completed. She has one-sixth of the entire Democratic vote in the district, and more than twice as much as Bath or Boyd, and if she is not entitled to the Congressmen, then neither Bath nor Boyd can claim to be.

### CHOKED TO DEATH.

#### Awful Fate of a Wealthy Lady of Cincinnati, Ohio.

CINCINNATI, Aug. 11.—One of the saddest home returnings which has occurred in this city for years was that of Mrs. Jennie Leon, the widow of the late Hon. Charles M. Leon & Marks, whose corpse was received from Waukesha, Wis., this morning by her sorrowing children. Since her husband's death Mrs. Leon has resided at the homeestead, 375 West Eighth street, with her sons and daughter, and has been in poor health, and was unable to spend the heated term. She was in good health, and the day before her sad death wrote home detailing the pleasures and benefits of her visit.

On Saturday evening, a chicken bone became lodged in her throat, and in her efforts to dislodge it, she ruptured two blood vessels, death relieving her of her agony in a short time. Word was immediately conveyed to the Leons, who had been in the elegant parlors of the barreaved household, awaiting the last sad rites, and the arrival of her absent son, Charles M. Leon, who is a traveling salesman, and who has not yet learned of his terrible loss. She will be interred to-morrow in Lick Run Jewish cemetery.

Mrs. Leon was born in Alsego, Germany, October 10, 1834, and was fifty-two at the time of her death. She was one of the most popular and wealthy Jewish ladies in the city.

**Broadway at a Picnic.**  
CHICAGO, Aug. 11.—At a picnic of the employees of the Swift company's packing house at Cedar Lake, Ind., yesterday, a party of five went out in a row boat. When in the middle of the lake some of the party began to complain of being tired. The boat was not as large as was intended, and it became evident that the boat was too small. Miss Julia Sullivan, and a young man whose name could not be learned, were drowned.

**Denouncing Public Schools.**  
NEW HAVEN, Conn., Aug. 11.—Father Mac'honey, a Catholic priest, said in his sermon that he intended to try to have all parents who did not send their children to public schools to be excommunicated. He has denounced the public schools as enemies of religion. These remarks are much deprecitated by Catholics as well as Protestants.

**Southerners to be Arrested.**  
NEW YORK, Aug. 11.—Commissioner of Public Works Squires was before the court to give testimony regarding the charge against him. At the end of his examination he will be arrested. Inspector Byrne is waiting for him with a search warrant.

### Teachers' Institute.

The Mason County Teachers' Institute will be held in this city, commencing August 23rd, and will continue four days. The Institute will be conducted by Professor Frank Transie, of New Jersey. Prof. Transie is a regular Normal graduate and one of the most popular and successful educators in his section. The programme is interesting and varied. The Common School Law makes it the duty of every teacher to attend, during the whole term, under the penalty of the forfeiture of certificate. We hope that the Institute will prove the most successful ever held in Mason county.

### KIDWELL, THE CONVICT.

Full Particulars of the Killing at "Camp Hanna"—The Inquest.

Our correspondent at Dover, in giving the particulars of the killing of a convict near that place, says: "At 6 o'clock Tuesday morning while a dense fog was overhanging the "works" near the river, W. B. Kidwell, a convict "under the gun," made a break for liberty. Captain Brannum had sent him out on the dump with a cart-load of earth and when he had finished dumping it, he went over the fill in a run. Kidwell was fifty yards away before Captain Brannum sighted him, and in the range of some houses so a shot could not be fired. Pursuit was immediately instituted, and he was run into a thicket on a mound on the farm of Thos. A. Respes, near town. John Bailey, the guard who was in pursuit, went into the thicket and asked Kidwell to surrender. He refused and put himself in a threatening attitude, whereupon Bailey pulled his revolver and shot, the first missing and the other two taking effect in Kidwell's groin. He was put in a spring wagon and died on the way to the camp. Kidwell was forty-six years old and married. He was sent up from Madison County, September 30th 1884, for five years for stealing a mule. This was the second attempt he had made to escape.

His remains were buried later in the day at Hanna's grave-yard near town, Rev. W. W. Hall officiating.

An inquest was held by Esquire A. F. Dobyns and the following is the verdict of the jury:

"We, the jury, find the dead body before us to be that of W. B. Kidwell and that he came to his death by being shot in the bowels on the morning of August 10th, 1886, with a pistol in the hands of John Bailey, a guard at the time a state prisoner and was attempting to make his escape at the time of the shooting and Bailey had no other means of preventing his escape.

### Do not let Dame Fortune Pass You By.

The 19th Grand Monthly Distribution of The Louisiana State Lottery Company took place on Tuesday (always Tuesday) July 13th, 1886, under the usual supervision of Gens. G. T. Beauregard, of La., and Jubal A. Early, of Va. Well, the same old story is told again; some \$265,000 went flying into the sky like thistledown. It was thusly: Ticket No. \$1,375 (costing \$5) drew the First Capital Prize of \$75,000. It was sold in fifths at \$1 each—one to Mrs. Mary E. Holmes, No. 208 Princeton St., E. Boston, Mass.; one to A. H. Jones, Aniston, Ala.; one to Wm. Clean, a worthy farmer at Monroeville, Allen Co., Ind.; one collected through Wells, Fargo & Co., San Francisco, Cal., for a resident there; another to a party at Columbus, O., who is opposed to any discovery being made. No. 77,227 won the Second Grand Prize of \$25,000, also sold in fifths at \$1 each—one to Jno. H. Bonas, No. 349 West, 45th St., New York City, a party identified with the amusement world as Treasurer of the Grand Opera House in 23d St.; one to Henry Sars, No. 29 Western Ave., Toledo, O., paid through Adams Express; one to Carl Tideman, book-keeper with the Meyer Bros. Drug Company, Kansas City Mo.; one to Vito Dilorenzo, a young Italian fruit vendor at cor. AN OLD COUNTERFEITER sent his LITTLE ROCK, ARK., Aug. 11.—Frank Hampson, counterfeiter, was placed in state prison for safe-keeping yesterday by Deputy United States Marshal Fulkerson. Hampson was found in the Black River regions on a farm, with a gun and a pistol, and a head of long hair and a beard as white as snow. From all that can be learned he is the oldest counterfeiter in the business. When arrested Hampson was engaged in farm work, but spurious coin and counterfeit money were found in his possession.

His wife tried to shoot the officers when they entered the dwelling.

## GENERAL CROP REPORT.

### THE CROPS AS REPORTED TO THE AGRICULTURAL DEPARTMENT.

**A Reduction in the General Average of the Condition of Spring Wheat—The Average of the Foreign Crops—Injury to the Cotton Crop—Average by States.**

WASHINGTON, Aug. 11.—Concerning wheat for August 1, show an improvement in condition in Iowa, a small decline in Wisconsin and Nebraska, and a heavy reduction in Dakota. The cause of deterioration are drought and chinch bugs. Heat has been excessive in many districts that have produced a fair yield notwithstanding. The harvest is two weeks earlier than usual, and the quality is unusually good, except in the districts where heavy rain has occurred.

The general average of condition is reduced from 83.2 to 80.1. At the time of harvest last year the average was 86. A part of the loss was caused after August 1. As the present harvest is already over, the condition of the remaining crops, notwithstanding the final estimate cannot be much further reduced. The present average is 97 for Iowa, instead of 90 last month. No less than twenty-five counties, each producing from 600,000 to 1,000,000 bushels, report condition 100 or over. In Minnesota there is an increase from 78 to 72. The reduction in Wisconsin is from 75 to 72; in Nebraska from 83 to 82, and in Dakota from 83 to 82. Winter wheat previously harvested is not reported this month.

There has been a heavy decline in the condition of corn since the 1st of July. The average which was then 95, is reduced to 81. The heaviest decline is in Illinois, Wisconsin, and Michigan, and the eastern and western and middle states condition is well maintained. It indicates a crop not much exceeding twenty-two bushels per acre, though future conditions may increase or decrease the number.

The average of spring rye is 88. There has been no material decline in oats, the average being 87. Barley has maintained its condition, and a nearly average crop is assured.

The condition of buckwheat average 94; of tobacco 92.

Our agent in London cables that the European harvest will be 10 per cent. less than last year; France below one hundred million hectolitres; Italy 51; England 10 per cent. reduction in rate of yield per acre.

The cotton crop has suffered from wet weather in all the states east of the Mississippi and in Louisiana. The average of condition has been reduced from 86 to 81. Virginia, North Carolina, South Carolina, Mississippi, and Louisiana 73; Texas 85; Arkansas 96; Tennessee 95. There has been a slight advance in Arkansas and Texas. The decline is heavy in the Carolinas.

### THE NEW ATLANTA.

**Her Second Trip Will Not take Place for Some Time Yet.**

NEW YORK, Aug. 11.—The second trial trip of the new steel cruiser, Atlanta, will not take place until she is completely fitted for active duty. The ship is to be altered in many ways, and the right will be given to the Atlanta's crew to put it in condition. All the Atlanta's gear will be put in before the next trip, and this will require weeks of preparations. The trip can not be made until the middle of the fall, and meanwhile the Atlanta will remain in the Brooklyn dry dock.

Chief Constructor Theodore D. Wilson, of the bureau of construction and repair, visited the Brooklyn navy yard yesterday, and inspected the Atlanta. He said: "I think she is ready to go to the fleet, but I am not sure and that she should be accepted from the builders. If she is accepted, she will be soon capable of a speed of fourteen or fifteen knots in an hour."

### SURROUNDED BY FIRE.

**People Compelled to Leave the Village of Big扁豆子 by Steamer.**

MILWAUKEE, Aug. 11.—It is reported from Green Bay that the village of Shami is so beset by fire that the people have sent a request for a steamer to take them to Green Bay. About one hundred gathered at the river's mouth to await the arrival of the steamer.
